

SEA PALM VILLAS

ACTIVITIES

ON GRAND CAYMAN ISLAND

The clear waters provide fun and relaxation with a vast array of marine life...including beautiful tropical fish, turtles, stingrays, moray eel, lobsters, and the occasional shark.

Don't worry, there is plenty of land-based fun to be found too!

DUTY FREE SHOPPING

Since you won't pay sales tax, luxury items such as cameras, watches, luggage, and beauty products can be cheaper than other locations. You will find brand names like Gucci, Rolex, and Cartier on the island so be sure to make a plan to head into George Town!

DIVING / SNORKELING

If you are interested in diving or snorkeling, then Grand Cayman is one of the top dive destinations to experience. Discover the fascinating fish life and learn about the ecosystem of "The Queen's Bottom."

DOLPHIN DISCOVERY

Swim with dolphins in Grand Cayman and experience a once-in-a-lifetime excursion. Interact with the dolphins and learn about their environment, diet, and habitat.

STINGRAY CITY

This is a "must do" event for any visitor to the Island. These wild, yet gentle and graceful creatures are located in the North Side and are protected by the reef.

TURTLE FARM

Caymans largest land based attraction is the Cayman Turtle Farm. Educational, cultural, and entertainment programs are created & updated to enhance the experience.

WATERSPORTS

Paddleboarding, parasailing, kayak tours, submarine rides, surfing, and wave runners are few of the watersports available for rent on the island.

HELICOPTER TOURS

A helicopter sightseeing ride is an exciting way to see the island. Sunset and dinner packages, island tours, and 7-Mile Beach tours are a few of the options available.

FISHING

Private charters for bottom fishing, bone fishing, and deep sea fishing are available. Blackfin, Tuna, Mahi-Mahi, Wahoo, and Marlin are plentiful throughout the year.

CRYSTAL TOURS

Used as shelter and hiding places by pirates hundreds of years ago, legend has it buried treasure still exists. Check out stalagmite and stalagmite crystal structures in a natural lush tropical forest.
